D.O. 169.

Dear Sir

Before the P. W. I

Send in their revised estimate (supplementary) for sanction, I think provision should be made for levelling & clearing the new extension of the parade ground up to the Artl. mustering camp.

I would also remind you about the fencing in connection with the new lines.

(a) Grain contractors godown for storing grain.

(b) Hay rick yard. (2) 1 for each wing.

(c) Hosing for fire hydrants.

(d) Stable for 30 polo ponies

(e) Extra 4 stable for proposed increased establishment (72 stalls)

(f) Extra outside standings for ditto 2 for each of the 32 sections: in all that is required ie for 64 horses.

(g) Extra followers houses required on proposed augmentation - the houses at present allotted to them in the lines being taken up by the increased Constabulary establishment

(h) Furniture. (I don't know if this comes under the P.W.D. budget)

i. Hospital
ii. Regimental office
iii - officers room.

} I believe the estimate is being prepared by the C.C. I asked the C.O to take action some time ago.

Yours sincerely

D. H. Haskew.

Enclosure 1

My dear Jones.

I have written interesting about this detail. I don't you think that 15/- a month + rather Excessive for the machine Syces

The private Syces retained at present by officers & R.C.O.s (about 3 q at the present) only get 7/-

Of course the line Syces will have double the work - but I hope they will be utilised for every

class of experimental work, such as
bandaging jumps, dressing tent pegging
mess etc etc in addition to grooming
the horses of messes, but as
they are not entitled for service it
seems to me that 9/- would be sufficient
giving 10/- to 5 Jamadars Syces
viz 1 per Squadron & 1 for Sick horses -
the balance saved out of the budget
might be saved in a "Syce fund" for
gratuities for good or special work.

My dear Jones.

Just a line to point out that in the same way as the trumpeters & farriers are counted in as part of the 120 in the proposed increased establishment, so they should also be similarly counted in the present reduced establishment. This increases the number per squadron from 96 as previously counted to 103.

Dear Jones.

- Atrow allowance -

Leaving out the allowances for equipments which you have already settled, for officers -

there are I understand from the Co. the following allowances for N. Co. men.

(a) "Hitherto 2/- a month for Troop Sgt Majors - I propose a I

I believe you agree, that both the Squadron Safadar-majors and Squadron Quarter-master Safadars now created in place of these non Safadar-majors should receive an allowance of 4/- a month.

(4) The muleteer Safadar and receives an allowance of 5/- and the assistant muleteer Safadar one of 3/-

I propose that these should rem-

Welcome 8/41

My dear Swamy bis

I enclose 4 D.O.
from Capt. Tasker -

Some of the matters
which he wants are
with I think subjects
for Govt and viz. Hay yards
for Squadrons.
The Lancers have a dirt
Contract to feed their
horses and must
manage these things
themselves.

As regards Grass

Evelyn.

It is a true statement of Evil that you should not exist - like Tobacco. Nine times 76 seem a Rule and any encouragement to Contractors is through working of Education Evil will probably agree if the Contractor would pay rent to cover repairs

and a fair interest on the money spent in building.

As regards the Agencies pay the means which Capt F saw noted that the pay viz Rs 10 per agency was only approximate & was the object beyond to leave in Govt hands the organisation of the Tuticorin Chowdry &c

As regards the Treaty the New Govt order does not define the 96.

Sovrais per. squadron
very definitely -
Re my Establish-
ment laid down = that
of the 120 squadron. Rept

Application must be
made to the P.W.D. to
build hangar to this
accommodation
as soon as possible

Yours truly
